C2C Certified Material Health Certificate™ Silver

In order to obtain the Material Health Certificate, all chemicals used in the value chain must be analysed and evaluated with regard to health and environmental hazards. Dangerous chemicals are avoided and replaced with safer substances – for sustainable production.

FSC™

FSC™-certified natural rubber is used in our **GREEN LINE** squeegee rubbers – for more sustainable forest management. FSC™-certified forests and plantations are managed according to stricter environmental and social principles. FSC™-certified materials can be traced throughout the supply chain at all times.
